

Video Policy

1. A **staff member** must get permission from the principal to show either an “R” or a “PG-13” rated movie at least one week prior to its showing. A Classroom Video form should be used, and can be procured from the “Forms” folder in the cabinet directly in front of Nancy Battist’s desk (in the main office).
2. The film must be directly linked to the staff member’s curriculum, and convey important concepts / information that can’t be readily achieved by using other materials.
3. In addition, parents / guardians must receive a notice of the film’s showing at least 3 school days prior to the showing, and have the opportunity to elect to exempt their student watching the film. (See Lori H. for assistance in writing this letter.)
4. If the parent / guardian does exempt the student, alternative curriculum related work must be provided.
