*Blue=Social Studies, Red=Science, and Green=Communications*

\* If you have trouble with organization you may choose to get a 5 subject notebook with folders built into it. Some houses like students to have trapper keepers if they are not very organized. Others prefer students not carry these because they are so bulky. Please make a decision based on what you think will work best for your child.

- **Homebase** folder

\*\*\*A few first day notes...

1. Wear shorts...the building is always warm on the inside
2. Know your mom/dad/guardian's work phone numbers.
3. You will be assigned a locker on Day 1 – plan on *sharing* a hall locker, but having your own gym locker.
4. YES, you will need paper and pencils/pens the first day.
5. Feel free to bring all your supplies on Day 1. Please let your homeroom teacher know what you're missing so he/she can help you get it.
6. A sack lunch on the first day is a good way to avoid the long cafeteria lines.

*Thank you very much for helping your child get prepared for a successful school year. We appreciate your support. Enjoy these last days of summer vacation!!*
